

Self Assessment Examinations Order Form

Self Assessment Examinations can be ordered using the form on this page or by visiting www.cci-online.org. CCI's Self Assessment Examinations are available to take online at www.cci-online.org. The cost for the online exam is \$55.

The examinations are composed of questions that are to be used for self evaluation purposes with regards to a CCI examination. These questions will help you become familiar with the format and subject content for your future examination.

A Self Assessment Examination should not be used as your only reference or as a study guide!

The questions are categorized by subject category, similar to the subject matrix on which the credentialing examination is based. The credentialing examination you are preparing to take will have more than 100 questions. The questions on the actual examination are randomized in the order in which they are presented.

The online Self Assessment Examinations offer immediate score results.

***PLEASE NOTE: You will not receive specific question/answer combinations.**

These Self Assessment Examinations offer a resource and preparation for credentialing examinations. These examinations offer you a means of assessing your performance before taking the credentialing examination.

Remember: You will not receive specific question/answer combinations. Self Assessment Examinations are not meant to be used as study guides.

After taking the online Self Assessment Examination, you will receive back a results matrix similar to the one below.
